Live Nation Executive Chairman Irving Azoff announced his departure from the company on Monday (12/31), a move that also saw him exit the company's board of directors and relinquish his role as CEO of Frontline Management. Frontline represents more than 250 artists, including Kenny Chesney. Azoff will maintain control of his own management firm, overseeing a handful of artists. Concurrently, Liberty Media purchased 1.7 million shares of Live Nation stock from Azoff, giving the company a 26.4% stake in Live Nation Entertainment.

Chronicle: Our condolences are extended to family and friends of Salisbury, MD air personality and programmer **CR Hook**, who passed away on Christmas day. He was 66. Hook was a 25-year veteran of WICO who also worked for WWFG in the market and was a household name in the area, thanks to his radio career and his long association with the Delmarva Shorebirds baseball team. The club's first PA announcer, Hook attended nearly every game. His active career in the market was especially impressive given his physical challenges; Hook was injured in a car accident as a teenager and confined to a wheelchair for most of his life. A memorial was held Saturday (12/29) and memorial donations are being accepted at Hebron Savings Bank, c/o Melodie Carter, 1310 Mt. Hermon Rd., Salisbury, MD, 21804. Read more here and here.

Our condolences also go out to WUSY/Chattanooga's **Bill Poindexter** and family on the Dec. 23 passing of his wife **Sheila** following a heart attack. The couple had been married 41 years.

December 2012 PPM: Season's Ratings

In what has become dubious a holiday ritual for Country radio, overall format shares dipped sharply in December (11/8-12/5) compared to November. The 6.3% fall was largely due to 42 of 73 subscribing stations (which post a 1.0 share or higher) decreasing month-to-month. Just 24 stations increased in December; seven were flat.

There were bright spots, however. Mt. Wilson's **KKGO/Los Angeles** overtook **WUSN/Chicago** as the nation's highest-cuming Country station by improving its weekly audience 1,208,100 to 1,255,100; Lincoln Financial's **KSON/San Diego** increased 5.9-7.2, posting its highest-ever PPM share; Cumulus' **WFMS/Indianapolis** gained 9.9-10.4, its best month since January '11. "In a book dominated by Christmas music in most PPM markets, Country remains King in Indy," 'FMS PD **Mark Hamlin** tells **Country Aircheck**. "WFMS remains the No. 1 Country station in all important demos and dayparts and growing; it's not really close."

For a second straight year, Wilks' **KFKF/Kansas City** flipped to all-Christmas on Thanksgiving (11/22) and yielded immediate results by jumping 5.2-7.1, an improvement on its Dec. 2011 share (6.8). Once again, KFKF moved the needle quickly, as only 13 days of its holiday programming fell in the December monthly. "No one ever doubts that the Christmas number will be strong," says PD **Dale Carter**. "The key is to get our Country

Also sharing ratings detail was WTQR/Greensboro PD **Bruce Logan**. While shifting 7.9-7-4 (P6+), he says, "We won every major demo not only for the month but the quarter; we've now won adults 25-54 six months in a row and seven times in 2012. We also won men and women 25-54, and persons 18-49 in December."

Blake Shelton's Balancing Act

Arguably the breakout star of the breakout show that's leading NBC-TV's breakout resurgence, **Blake Shelton** is the subject of The Interview in our year-end print issue. Among many topics, he discusses his concerns that *The Voice* might affect his music career, and how being named CMA Entertainer of the Year eased those worries.

"More than anything I worry about losing my spot in country music because that is easily the most important thing in the world to me when it comes to my career," he says. "The CMAs this year shook me up a little bit with the Entertainer award. What we envisioned early-on with this was that I would still be a country artist but be seen by a lot more people. Instead of doing 12-month tours I'd doing six-month tours, but be in people's living rooms two nights a week every week or more. When Entertainer happened it was like, "Oh, my gosh, we shouldn't be afraid to keep going down this road!" Just because nobody else is doing it this way doesn't mean it's wrong. My career is kind of an oddity, but I think deep down people know I'm an expression of the country lifestyle, middle America and those types of values. I'm a country artist first and just happen to be on television doing it." Read the full story here.
